

Carnivore's Christmas Guide 2024

We will begin taking your orders at the start of November

Here is a guide to help you when placing your order for Christmas, this doesn't show our full range, so if there is anything not on the list please ask and we will be happy to advise.

Orders can also be placed over the phone, but please be advised that it may take a while to get through at this time of year.

Thanks for considering us for your most important meal of the year

Free Range Bronze Turkeys

Our locally reared turkeys are a special slow growing traditional breed which are raised to full adult maturity (hence 5kg starting weight)

Fully mature turkeys have the benefit of a deliciously dense meat, along with a natural fat layer under the skin which helps retain moisture whilst cooking (succulence without the need for basting)

In December, our turkeys are dry plucked by hand then game hung for at least two weeks in the century's old way.

This enables the rich, traditional flavour to develop fully, ensuring the finest taste & texture for Christmas day.

Size Suggestion

500g should be allowed per serving

5kg = 8 -10 Servings
